

95" LCD Display Screen & Stand

Fantastic dimensions of 2.127 metres in width and 1.210 metres in height, ensuring to engage clients' large crowd or audience of up to 200-300 people. The ideal viewing distance for a screen this size is 15 feet and above, also making it suitable for large venues and conference halls. It also has an incredible ultra-high-definition video output resolution giving clients a sharp and clear image. It has an amazing range of brightness as well as incredibly vivid colour displays. The motions are realistic and uncompressed due to the supportive progressive frame rates, enabling smooth, cinematic, and immersive visuals. This 95-inch LCD display screen is perfect for conference events, meetings, exhibitions, gaming & VR, or general presentations.
